Project description:

The project strives to enhance the platform for inclusive dialogue and participatory policy making on local level in six regions of Georgia.

Expected results:

1. Civil Society Organization's (CSOs) capacities in participatory budget development, monitoring and advocacy is increased;
2. Collaboration between Local Authorities (LAs) and CSOs for participatory decision/policy making is enhanced;
3. CSOs and LAs have the capacity to deliver accessible and quality social services with a focus on vulnerable groups;
4. Awareness of CSR and volunteerism is increased among CSOs, LAs and the private sector at local level through multi-stakeholder partnerships, with a focus on the needs of socially vulnerable groups.
