Project description:
The Municipal Project Support Facility (MPSF) was set up in 2015 with a very specific aim: to provide help to municipalities to access the financing necessary to deliver energy efficiency investments and financial savings.

Expected results:
Technical assistance support includes:
- Project preparation – master plans, feasibility studies, energy audits, environmental and social impact assessments, designs.
- Project implementation – tendering process, supervision, commissioning.
- Project verification.
- Capacity building and institutional development.
