**Project description:**

The EU4Energy Programme aims to improve the quality of energy data and statistics, shape regional policy-making discussions, strengthen legislative and regulatory frameworks and improve access to information in the partner countries. The Programme forms a key component of the EU4Energy Initiative.

**Expected results:**

- Improve energy data capabilities.
- Enhance data collection and monitoring.
- Contribute to improved evidence-based energy policy design.
- Provide technical assistance for legislative and regulatory frameworks and key energy infrastructure investments.
