

EU4Energy: South Caucasus Sustainable Energy Finance Facility

Period of implementation: 01.01.2013 - 31.12.2020

EaP countries:

Armenia, Azerbaijan, Georgia

EU contribution: € 5 300 000

Implementing organisation(s):

EBRD

Social media account links:

Project website: ebrdgeff.com/

Project description:

The "EU4Energy: South Caucasus Sustainable Energy Finance Facility" programme promotes investment in energy efficiency technologies in Armenia, Azerbaijan and Georgia and helped small-scale energy efficiency projects to save money and reduce emissions. This was achieved by establishing credit lines with local banks and providing technical, financial and legal expertise.

Expected results:

- Provision of credit lines.
- Incentive payments to sub-borrowers.
- Grant support: technical cooperation.
