Project description:

The Eastern Partnership Panel on Migration, Mobility and Integrated Border Management is the successor of the Eastern Partnership Panel on Migration and Asylum (EaPPMA), in turn the successor of the Söderköping Process. The project provides analytical support to the Panel expert meetings and workshops, as well as enhances information exchange among Panel members by managing the project website.

Expected results:

- Advancing the dialogue on migration and border management policies between the Eastern Partners and the EU, as well as amongst the Eastern Partners;
- Facilitation of exchange of best practices to achieve approximation with international standards;
- Strengthening migration and border management systems of Eastern Partners.
